

THE FACE OF HIGH STAKES LITIGATION

A winning culture isn't just a mindset; it's a chemistry forged over decades, in the crucible of courtrooms across the country. At Denlea & Carton, we epitomize creativity, diversity, and aggressive advocacy. We have a passionate and unrelenting will to win. We're experienced trial lawyers, not paper litigators. Our clients require fearless strategists, who fight to ensure a meaningful return on their investment. It's the reason we enjoy contingency (and alternative) fee engagements, where we share the risk (and reward) of prosecuting a case with our clients. If you have a high stakes dispute you can't afford to lose, we'd like to hear from you.
